

SousChef 1.5 (v1556) Release Notes

Features:

- Share recipes and grocery lists to SousChef iOS for iPad, iPhone, iPod touch through Dropbox
- Fullscreen support on Lion

Bugs fixed:

- Fixed hang on resume in Lion
- Fixed a bug where printing a recipe would print off the edge.
- Fixed a bug where one couldn't input accented characters.

Notes:

- Dropped PowerPC support
- Migrating data from SousChef on Snow Leopard or Lion to Leopard causes an error.

SousChef 1.5.1 (v1562) Release Notes

Bug fixed:

- Fixed a bug that caused some recipes shared via Dropbox to appear with directions and/or ingredients out of order

SousChef 1.5.2 (v1589) Release Notes

Bug fixed:

- Fixed a bug where purchases could not be made in the in-app store.
- Fixed a crash at launch on Leopard.
